To whom it may concern:

As the former Minister of Health of Antigua & Barbuda I have had the privilege of working in close collaboration with American Hospital Management Company (AHMC) since 2007. As the Minister of Health I led the selection process to identify and contract a world-class hospital management company to oversee the development and on-going operations of the new Mount Saint John's Medical Center.

The Ministry of Health of Antigua & Barbuda selected AHMC in 2007 as the ideal partner in the endeavor to establish a PPP hospital to address the healthcare needs of the Antiguan community. Since forging our relationship with AHMC they have achieved the results expected to enhance quality, safety and operational efficiencies of the new hospital.

Should you need any additional information I would be happy to assist.

Sincerely yours,
